MATRIMONIAL FEAT.

New Record Made in Changing Names.

THREE TIMES IN THREE MINUTES.

Kokomo Court Officials Astonished at the Rapid Events Which Took Place in One of Their Courtrooms—Fire at Indianapolis—Congressional Convention—Other Indiana State News.

KOKOMO, Ind., March 11.—A swift feat in matrimony was performed here yesterday in which a Miss Olive Smith that was, changed her name three times in three minutes. A short time ago she became the wife of Francis M. Trader.

Yesterday afternoon she went into court and received a divorce, having her maiden name restored. This name she kept only during the time required for her to obtain a license to wed another. Before the ink became dry on either the license or divorce, Squire Henry Loop was pronouncing the words making her the wife of Joseph N. Tyler.

The couple were married and gone before the astonished courthouse officials could fully realize the unparalleled matrimonial transformation.

An Infant's Hand Amputated.

KOKOMO, Ind., March 11.—An exceptionally distressing surgical operation was performed by the local physicians yesterday, they being called upon to amputate the right hand of a 3-month-old babe, the only child of David and Mrs. Cummings. The formation of the infant was normal at birth, but a cancerous tumor of the sarcoma variety appeared on its hand, causing it to grow to four times the natural size. Amputation was deemed necessary to save the infant's life, the hand being severed at the wrist.

Grip in a New Role.

LAPORTE, Ind., March 11.—The grip, which has been generally prevalent in northern Indiana this winter, has assumed a new phase. Cases are being reported where there is a total loss of the power of speech. Medical science has been unable to give relief in cases where this complication has arisen, though no fatal results have yet occurred, those stricken gradually regaining their speech. This is the first time physicians have combatted this phase of the disease, and it is looked upon as a serious complication.

Saws in Seething Flames.

INDIANAPOLIS, March 11.—Nearly one-half of the large plant of the E. C. Atkins company, saw manufacturers, at 202 to 216 South Illinois street, was burned early yesterday morning. The fire started in the paint shop. The loss will be between \$75,000 and \$100,000, with insurance of \$56,750 on the portion burned. The company has branches in Memphis, Chattanooga and Minneapolis. The fire will in no way cripple the concern, and new buildings will replace the ones destroyed.

Not Favorable to Consolidation.

ELWOOD, Ind., March 11.—The employees of the lamp chimney factories in Indiana, and especially in this city, are not taking much interest in the proposed consolidation of the different glass unions. The chimney blowers never have any serious trouble with their employers, and they always settle differences by arbitration. Strikes and lockouts are unknown to them, and they feel it would be unjust to themselves to shoulder the troubles of other unions.

Congressman Steele Renominated.

KOKOMO, Ind., March 11.—The Eleventh district Republican convention, the first to meet in the state, yesterday renominated Congressman George W. Steele. Resolutions reported endorsing the Republican national platform of 1892 and pronouncing for gold and silver of equal value as money. The principle of protection was endorsed and a clause endorsing the candidacy of McKinley for president was received with deafening applause.

Runaway Accident.

WABASH, Ind., March 11.—A team of horses belonging to Lon Evans of Roan ran away and threw Mr. Evans from the buggy. He did not appear to be badly injured, and after stopping the team put it in a barn and walked down town.

Suddenly he became unconscious, his muscles all over the body twitched convulsively and several doctors who were summoned labored with him several hours before he was revived. Though better, he is yet in a precarious condition.

Double Tragedy Follows Family Trouble.

BOURBON, Ind., March 11.—At Etna-green, near here, about 1 o'clock this morning, Frank Watson went to the house of his wife and fired through the window, the ball taking effect in her head. Seeing her fall from the chair, and supposing her dead he rushed to the railroad, and putting his revolver to his head, blew out his brains. Divorce proceedings and family trouble were the causes of the deed.

ALLIANCE, O., March 11.—Four hundred coal miners at Palmyra struck yesterday because of a disagreement as to the size of screens. President Ratchford of the National association has been sent for.

Cut His Throat From Ear to Ear.

MARION, O., March 11.—Harry Powers, 38, of Grand township, married, cut his throat from ear to ear yesterday.

PANIC NARROWLY AVERTED.

Hundreds of People Marched Out of a Burning Building in Chicago.

CHICAGO, March 11.—During a fire in a six-story brick building at 45 to 49 Randolph street yesterday afternoon a serious panic among 500 women employed there, was narrowly averted. Lizzie Smith and Mary Marr fainted from fright, Maggie Burns fell down a flight of stairs and two boys, John J. Heis and Bernard Rheinhardt were nearly overcome with smoke. This was all the injuries suffered, but it was almost a miracle that many lives were not lost.

The following firms occupy space in the building:

Basement, first and second floors, Lartz Wall Paper company.

Third floor, Lord & Thomas, newspaper advertising agents.

Fourth floor, Chicago Business college.

Fifth and sixth floors, E. L. Mansure Fringe company.

The fire started among the wall paper on the second floor. It was not discovered until it had gained a good start and the building was soon filled with smoke.

A wild panic ensued among the 175 girls who were employed by the Mansure Fringe company and the girls were making a stampede for the stairs, when Miss Dena Bayreit, the forewoman, managed to check them. She formed them in line and marched them down the smoking stairways and through the hall on the second floor, which was partly on fire. All of them reached the street without injury except Maggie Burns, who was badly battered by rolling down the last flight of stairs.

Heis and Rheinhardt reached the street safely but went back for the wraps of some girls who were shivering in the cold. They were nearly strangled by smoke, but were revived in a short time.

The fire damaged the Lartz Paper company to the extent of \$35,000. The other losses are trifling.

JURY OUT ALL NIGHT.

Ex-Senator Abbott Found Guilty of Soliciting a Bribe.

COLUMBUS, O., March 11.—Ex-Senator J. Q. Abbott has been convicted of soliciting a bribe in connection with the pharmacy bill pending in the legislature two years ago. The jury were deliberating all night. On the first ballot they stood seven for conviction and five for acquittal.

The ex-senator was not present when the verdict was received, but his attorney was, and the latter gave the usual notice of a motion for a new trial, which it is understood will be pressed for immediate hearing in the expectation that it will be overruled and an appeal will then be taken to the circuit court, which is now in session.

Ex-Senator Abbott, commenting on the verdict, says: "I am not guilty of any crime. If the verdict of this jury is to stand every member of the legislature can be convicted of bribery. If it was a crime to ask a man for \$15 to pay the expenses of Hon. Charles H. Grosvenor to come here and work in the interest of my pharmacy bill such crimes are committed every day in the week, and legislators have no protection."

ATTEMPT TO WRECK A TRAIN.

No Motive Is Known For the Deed as the Wrecker Ran Away.

POCATELLO, Ida., March 11.—An attempt was made to wreck the Union Pacific, Butte and Salt Lake express train, one mile east of this city, at 5 o'clock yesterday morning. The train pulled out of the depot at 5 o'clock, and when within a short distance of the last switch, Engineer Andrews saw a man throw the switch and run away.

The engineer immediately reversed his engine. The train left the track, but fortunately the cars remained upright and no one was injured. There is a deep fill at this point and had the train not been promptly stopped it would have dashed down the steep grade. No motive is known for the deed.

PICKPOCKET ARRESTED.

CLEVELAND, March 11.—While walking on Superior street yesterday Mrs. Jane Pennington, aged 60, living at 449 Tod street, discovered that a young man who had brushed against her had taken her purse. She struck the fellow a blow on the arm, and her purse, containing \$35, fell to the sidewalk. After regaining the purse she darted after the thief, who had started to run, and soon caught him and turned him over to the police. The thief gave his name as Frank Monahan of Chicago.

ALLEGED SHORTAGE.

KENTON, March 11.—This city is in a fever of excitement over the alleged shortage in the accounts of the People's Building and Loan association of over \$10,000. Directors met and made an assessment of 15 per cent on all stockholders except those who entered the loan association after April, 1895, the time when the alleged defalcation took place.

DAYTON'S NEW SHAPE.

DAYTON, O., March 11.—Messrs. E. C. Baird, George P. Gebhart and Louis Rossell, representative citizens, have been named as a commission by Treasurer Sunderland to redistrict the city into new wards and precincts in compliance with the "Bosler law." Two are Republicans.

ONCE MORE DELAYED

Senate Takes No Action on the Cuban Bill.

AN EXCITING DEBATE ENSUES.

Vigorous Colloquy Engaged in by a Number of Different Senators—One Speech on the Contested Senatorial Seat—The House Devotes the Day to the Postoffice Appropriation Bill.

WASHINGTON, March 11.—The crowds which filled the senate galleries yesterday in anticipation of an exciting Cuban debate were not disappointed. Two new phases of the subject made their appearance and each afforded a debate which aroused senators and spectators to a high stage of interest and excitement.

Mr. Lodge (Rep., Mass.) arose to a question of personal privilege and in vigorous words rebuked the Spanish minister, Senor Dupuy de Lome, for his recent criticisms of senators. Senator Teller added his opinion that a repetition of the minister's action should be followed by his dismissal. Senators Gray and Hale maintained that senatorial privilege and prerogative should not be strained to close the mouth of the Spanish minister. Mr. Lodge did not press for any definite action.

The incident hardly closed when the subject came up in another form. Mr. Hoar had asked that his resolution postponing the entire Cuban subject until April 6 go over another day. This aroused Mr. Sherman to an energetic and feeling protest. He declared that Mr. Hoar's resolution was a reflection on the committee on foreign relations, and was an effort to shelve the Cuban resolutions after weeks of discussion and overwhelming votes in both houses. The two veteran senators, Sherman and Hoar, engaged in a vigorous colloquy.

Mr. Morgan and other senators were drawn into the personal conflict and for half an hour it raged, some times with deep earnestness, but more often with amusement caused by the energy of the white-haired participants. Mr. Sherman finally withdrew his objection and Mr. Hoar's resolution went over, but not before Mr. Hoar had made a brief, but telling speech against what he termed the meddling policy of congress in foreign questions.

The latter part of the day was given to a continuance of Mr. Turpie's speech in opposition to the claim of Mr. DuPont.

HOUSE PROCEEDINGS.

WASHINGTON, March 11.—The house yesterday witnessed the perennial attempt to cut off the appropriation for special mail facilities between Boston via New York and Washington to Atlanta and New Orleans. This appropriation will be carried in the post office bill since 1873. This year it amounted to \$196,000 and coupled with it were appropriations for special facilities between Kansas City and Newton, Kan., and Chicago and Council Bluffs, Ia. The latter items, however, went down before points of order. An attempt was made to rule out the southern subsidy also on a point of order, but Mr. Payne of New York overruled the point. The motion to strike out was defeated—93 to 116. The post office bill was not disposed of. During the morning hour a bill was passed making a year's "continuous residence" in a territory a prerequisite to obtaining a divorce in such territory.

AGRICULTURAL REPORT.

Distribution and Quality of the Corn and Wheat Crop of 1895.

WASHINGTON, March 11.—The agricultural department has just issued the following report on distribution and quality of the corn and wheat crops of 1895.

Returns from the township, county and state correspondents of the department indicate as the amount of corn yet held by farmers 49.8 per cent of the total crop, or 1,072,000,000. Proportion and total farm reserves are both unprecedented. A year ago the stock so held was but 476,000,000 bushels. The amount to be sold outside the country is estimated at 21.9 per cent; last year's percentage having been 13.4. The merchantable proportion is 88.1 per cent, against 82.4 last year. Average value of merchantable corn 25.6 cents, and of unmerchantable 15.4 cents.

The wheat reserves in farmers' hands amount to 26.3 per cent of the crop, or 123,000,000 bushels. Of this amount 4.9 per cent is reported as coming over from 1894 or before. The proportion of wheat sold beyond county lines is 58.5 per cent.

The tobacco crop of 1895 is found after a special investigation to have been 491,544,000 pounds, an average yield of 775 pounds per acre on 633,950 acres. Value of crop, \$35,574,000.

The report on the cotton crop of 1895, based on railway and steamship movements, with consumption and farm stocks Feb. 1 will be made at noon the 16th inst.

CRAZED BY INSOMNIA.

A Pennsylvania Baker Stays His Wife and Kills Himself.

ALLENTOWN, Pa., March 11.—Fidel Tritschler, aged 34 years, a prominent baker and a member of council of this city, murdered his wife yesterday and then fired two bullets into his own brain. Tritschler had evidently fired upon his wife while she slept, as her body was found lying in bed.

The murderer, after firing the fatal shot, placed the revolver against his head and sent two shots into his brain.

IS HE A SPANISH SPY?

An Attache of the Spanish Army in New York.

PLANS AND NOTES TAKEN.

Our Fortifications Visited and Probably Drawings and Photographs Taken Accurately Locating the Harbor's Defense. The Noisy Demonstrations Being Kept Up by the Students in Spain.

NEW YORK, March 11.—The World this morning says:

Two attaches of the Spanish legation in Washington were boasting recently at the Metropolitan club in that city of the military and naval resources of their country, and one made the remark that a Spanish fleet could take New York in 10 days.

Alarmed at this indiscreet declaration, his companion flushed him up, and they shortly left the clubhouse. Enough had been said, however, to excite suspicion, and a quiet investigation revealed the cause of the Spaniard's confidence.

It was discovered that Captain Carlos De La Casa of the Spanish army, has been in New York for three months. He has avoided the hotels and clubs and has taken a flat in 114th street. From this retreat it is said he has made many visits to points of interest around New York and it is learned collected an immense amount of valuable information concerning the fortifications at Willets Point, Sandy Hook and other places within 40 or 50 miles of the city.

It is believed that he enriched his collection with numerous drawings and photographs, accurately locating the sites of the mines which will aid in defending the harbor. Of course, a great amount of information regarding New York harbor can be obtained by anyone, especially in relation to its channels and approaches, but the military information is jealously guarded.

Recently Captain De La Casa's room was broken into and some of his valuable papers are said to be missing. The captain does not know whether it was the work of an ordinary every day burglar or of a United States secret service agent. The Spaniards think the administration may have nipped Captain De La Casa in the bud.

Captain De La Casa was seen at his home last night: "The thief did not take any papers and I have received no report from the police.

"It is true that I am the military attache to the Spanish legation, but that does not cause me to suspect that the thief was other than an ordinary burglar. It is a singular fact that he deliberately overlooked valuable property within his reach, but if he was after papers he did not get any.

"My work here is simply like that of other military attaches, to go about from place to place inspecting the different military posts with a view of discovering any improvements which may be serviceable to us. Then I report to the minister of war in Spain. I have visited Baltimore, St. Paul and other places. I have a letter of introduction from the secretary of war.

"Do you mean that you take plans and notes?" was asked.

"Yes," said the captain.

"Does the secretary's letter cover that ground?" said the reporter.

"It gives me the privilege of making observations. I am not an engineer, but an officer of artillery. I shall return to Washington tomorrow."

An hour after the reporter left Captain De La Casa's house a friend of his telephoned this statement to The World:

"Captain De La Casa wishes it to be understood beyond doubt that his visits to the different fortifications were connected solely with matters of ordnance and that he has never taken a plan of my fortification or inspected any harbor. The only plans he ever had were those given him by the secretary of war details of ordnance and the like. His object was to suggest improvements in the system at home."

HOSTILITIES KEPT UP.

MADRID, March 11.—The noisy demonstrations of patriotic fervor and hostility to the United States were renewed at Bilbao yesterday and efforts were again made to do violence to the United States consulate. The mob succeeded in stoning the Dutch consulate, having mistaken that office for the consulate of the United States, which was effectively guarded by the police force.

COLLAPSE OF A BUILDING.

Five Persons Injured, but Over a Hundred Narrowly Escaped.

CHICAGO, March 11.—The collapse of the rear portion of the two-story train factory building at 843 and 845 Allport street yesterday afternoon resulted in seriously injuring five persons and nearly 100 others had narrow escapes.

The injured are:

Joseph Freek, left leg broken and right leg badly crushed. Will die.

Joseph Homola, right leg broken, deep cut in right side.

John Krejci, 13 years old, right arm broken and head cut.

In Honor of Miss Peed.

Says the Lexington Leader: "One of the most delightful entertainments of the week was given Saturday evening, from eight to twelve, to the C. B. S. club by Miss Sallie Haggard and Miss Mary Bacon in honor of Miss Jessie Peed, of Maysville, the guest of Miss Jefferson. Music, dancing and euchre were enjoyed during the evening. Miss Ella Martin favored the club with several vocal selections. At 10 o'clock the guests were invited to an elegant repast in the spacious dining room. The circular table was artistically decorated in white and green. In the center surrounding a tall candelabra, shaded in green and white, was a wreath of carnations and ferns and gracefully laid upon the damask were sprigs of ferns and carnations. After supper the rooms were thrown together, where dancing was indulged in until the bells chimed midnight, and reluctantly the good nights were said."

Hick's March Forecast.

March 2nd and 3rd are centers of storm movement. Two or three days of much colder weather will follow. About the 8th to 11th is a storm period and storms of rain and snow will pass across the country. Almost without exception, March 10th and 15th brings many electrical and atmospheric disturbances. The reactionary period is central on the 14th and 15th, with new moon in apogee on the 14th. Within forty-eight hours of that date, after if not on it, storms of great energy will occur in many places on land and sea. A cold wave will follow. The 19th to 22nd is the passage of the vernal equinox, blended with a regular storm period. Watch it! Cold for the season will follow. The 26th to 28th will bring many storms. Moon will be full and in perigee on the 28th. This means many violent storms and gales on and about that date.

The Exchange Bank's Schedule.

The assignees of the Exchange Bank of Flemingsburg gave out a schedule of the assets and liabilities Tuesday afternoon. The totals are as follows:

Assets..... \$274,000

Liabilities..... 233,000

These are the figures as given to Mr. O. H. P. Thomas who was in Flemingsburg last evening.

CHARLES SPRINKLE was fined \$75 in Squire Brainerd's Court Tuesday for breach of the peace. The complainant was Miss Mary Burt, who lives in the Fifth ward and who lately came here from Bourbon County. She claims he caught hold of her one evening last week while she was on her way home. Mr. Sprinkle claims she had been flirting with him and other young men on a street car. She got off at the same street he did, and he asked permission to walk with her as they were going the same way. When she declined, he says he left her. He has appealed the case to the Circuit Court. Miss Burt denied she flirted with him, but admitted she entered into a conversation with him after leaving the car.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

Mrs. Edward Roe has purchased the Sexton property and will remove to the same this week.

The meeting of the Y. P. S. C. E., led Sunday evening by Mr. George Turnipseed, was a most interesting and enjoyable occasion, rendered all the more so by the reading of an able and instructive paper by the leader on the subject of missions.

The Literary Society met on Saturday evening last at the hospitable home of Mr. Wm. Mayhugh. A large crowd was present and the program varied by music, vocal and instrumental, was instructive and entertaining. Several visitors were present, among whom were Mrs. H. C. Corryell, Dr. and Mrs. Hord, Mrs. Best and Messrs. Ambrose and Thomas Dickson.

A CARD on the outside of office door says: "Come to lunch. Be back in ten minutes." And, the man will be there on time. That is, for some days, weeks or even months, he will. Then he will be at home occasionally for a day. He'll tell you he had a headache—a turn of cholera morbus, or maybe he'll say he had a lump in his stomach and felt too miserable to move. The lump was probably two or three ten-minute lunches condensed.

The man who "bolts" his lunches will find Dr. Pierce's Pleasant Pellets the best friend he ever met.

There is no ease of biliousness, constipation, indigestion, "heart burn," or any of the rest of the night mare breeding brood, that these little "Pellets" will not cure. They care permanently.

GENERAL LAFAYETTE.

The Venerable Charles Phister and Captain Jacob Outten Saw the Distinguished Frenchman.

Editor Bulletin: Dr. A. H. Wall published a piece stating that he saw General Lafayette when he visited the States in 1824. I can also say that I did too. I was only five years old; born March 15, 1819. Captain Jacob Outten can say the same (born in 1815). The event made a vivid impression on my youthful mind. When he landed at our city, John Armstrong, a wealthy merchant, sent carpets down to the grade for him to walk on. A like compliment was paid to my lawyer Thomas Y. Payne for him to ascend the steps of the hotel. Captain James Byers, of the Maysville Infantry, was his escort. John Gibson, the uncle of our John Gibson, was one of the drummers. He was undoubtedly and deservedly shown more honors than any one who ever visited our city. He was accompanied by a son and distinguished nobleman of France. The perils of the ocean, 3,000 miles wide, was crossed to assist an infant republic of the western hemisphere to gain her liberty and independence. All honor to Marquis Lafayette and to his posterity. May the blessings of the Lord attend them through all time.

About fifteen years after, John Quincy Adams dedicated the Observatory at Cincinnati. I was one of his hearers. A committee of citizens was appointed to go and invite him to speak here. He came and was honored by the entire city who turned out to hear the "old man eloquent."

The great and immortal Henry Clay, "who would rather be right than President," (all honor to his name) often have I heard him eloquence. Daniel Webster, none like him; his voice has saluted my ears. Adams, Clay and Webster were the greatest statesmen who ever lived. Yours,

CHARLES PHISTER.

MRS. ELIZA RICHESON fell at her home Sunday and received injuries that will confine her to her room for some time.

BOURBON News: "Near Muir Station Friday evening some unknown person who is a miserable dastard, committed the cowardly act of shooting through the windows of the L. and N. evening train from Lexington to Maysville. The bullet crashed through two windows,—one on either side,—throwing glass into Mr. Edw. Simms' face and grazing Mr. W. A. Hill's coat sleeve. The train was not stopped to apprehend the miscreant.

This is not the first time this act has been committed in that neighborhood. The wretch should be caught and severely punished."

OWENS-VAN SLYKE NUPTIALS.

A Maysville Physician Weds a Lovely and Accomplished Daughter of the Empire State

The marriage of Dr. Cleon Clinton Owens, of this city, and Miss Mary American Van Slyke, of Kingston, N. Y., was solemnized last evening at 6 o'clock at the First Dutch Church, Kingston. The happy couple go to Boston on a brief visit to relatives of the bride before coming to Maysville. The bride has visited in this city and already has a large circle of warm friends here. She will be most cordially welcomed to Maysville.

The local correspondent of the Louisville Courier-Journal thus speaks of Dr. Owens and his bride:

"The groom is a son of Mr. Basil D. Owens, of Crab Orchard Farm. He was graduated some fifteen years ago from old Centre College at Danville, and continued his education at the Jefferson Medical College in Philadelphia, from which noted institution he graduated with high honor. He at once began the practice of medicine and surgery at Maysville, in which chosen profession he has achieved gratifying success and marked distinction. The Chesapeake and Ohio railroad in recognition of his eminent skill has retained Dr. Owens for General Surgeon for the road in Kentucky. Dr. Owens is a ready mixer and possesses fine social qualities that give him general popularity. He is perhaps as well-known outside of Maysville as any other citizen."

"The bride is a daughter of the Rev. John Garnsey Van Slyke, the eloquent New York divine. She has enjoyed rare advantages and is at home in the society of the "Four Hundred." She has traveled extensively at home and abroad and received a liberal education. She possesses both beauty and accomplishments and a charming personality. Of bright intellect and genuine culture and always handsomely gowned with striking becomingness, she has been a belle wherever she has gone. She attended school with Miss Belle Barkley, of Maysville, to whom she paid a delightful visit two years ago. Dr. Owens and his bride will return to Maysville some time in April and many brilliant receptions in their honor will follow."

DEATH OF DR. D. D. PECK.

Helena Mourns the Loss of One of Her Best Citizens—Oddfellow, Mason and K. of P.

Dr. D. D. Peck died Tuesday afternoon about 1 o'clock at his home in Helena. He was taken sick three weeks ago with some disease of the stomach and liver which baffled the skill of his physicians, and at last brought him to the grave. He suffered greatly, but bore all with patience and fortitude, and bravely met the end. He realized that his illness would prove fatal and calmly left instructions as to the details of his funeral and burial.

Dr. Peck was born near Sherburne, Fleming County, thirty-four years ago. He was a son of John Peck. After receiving his diploma as a physician he located at Helena where the rest of his brief life was spent. His wife was a daughter of Johnson Ross, of Johnson Junction. She survives, with two children, a son and daughter.

Dceased was a member of the Knights of Pythias, Masonic and Oddfellows orders, and took an active interest in these fraternal and benevolent societies. He was the moving spirit in organizing the I. O. O. F. lodge at Helena. One of his last requests was that the Oddfellows should have charge of his funeral and that Messrs. Wm. H. Cox, Thomas A. Davis and Byron Rudy of this city should officiate in the ritualistic services at the grave.

Dr. Peck had endeared himself to his intimate friends, and was held in high esteem by all who knew him.

The funeral will occur at 10 a. m. tomorrow at Helena, with religious services by Rev. L. Robinson. His remains will be interred at Flemingsburg, with the honors of the order of Oddfellows.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures, but without any good result.

About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. At J. James Wood's drug store.

MURDERED AT FLEMINGSBURG.

Our Neighboring City the Scene of a Dastardly Crime Early This Morning.

Flemingsburg was the scene of a most dastardly crime early this morning.

About 3 o'clock, a young man, Thomas Hawkins, aged thirty-two, was shot by a couple of thieves, and was in a dying condition at last accounts.

Hawkins had been hired to guard Cox's drug store, Sutton's grocery and other houses damaged by the fire Monday morning.

At 3 o'clock this morning while in the yard he discovered a couple of men on the roof trying to make their way into the buildings.

The next instant they opened fire on him with pistols. Six shots rang out. Only one, however, took effect. It struck Hawkins in the back part of the neck, ranging down the spinal column and he fell mortally wounded.

The murderers fled and succeeded in escaping.

The town is wild with excitement over the dastardly crime, and the authorities have wired to Williamsburg, O., for bloodhounds to track the murderers down.

It is the belief at Flemingsburg that Hawkins' murderers also fired the buildings Monday morning.

Hawkins was married and has one child. His wife is a daughter of Charleton Ashton. He has been clerking in Sutton's grocery.

A dispatch says there was only one burglar. Hawkins and a companion, Jacobs, discovered the thief trying to enter a window. After the shooting, the man escaped over the roofs of adjoining houses.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be **absolutely harmless?**

Do You Know that **35 average** doses of Castoria are furnished for **35 cents**, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile
signature of *Dr. H. Pitcher* is on every

STRANGLER'S RITUAL.

San Francisco Woman Found Dead Under Peculiar Circumstances.

SAN FRANCISCO, March 11.—Another woman of the town was strangled early yesterday morning under circumstances identical with the two other murders that have taken place recently in the same locality. Early in the morning a woman named Bertha Paradis of St. Mary's street was found dead in bed by her lover. When found she was half reclining on the bed her feet resting on the floor. She had been strangled, a handkerchief having been thrust down her throat.

The room was in perfect order. The girl lay fully dressed on her bed. There were no marks of violence on her neck. She had apparently been seized and a napkin as well as a handkerchief had been crowded down her throat. The money on her person was not touched nor had there been any apparent efforts to go through the bureau drawers or other places where money might be kept.

The police believe they have gained a slight clew to the criminals. J. J. P. Myler, who is a waiter in the saloon on the corner, was summoned about 2 o'clock to take drinks to Bertha Paradis' room. When he delivered the drinks he found two men in the woman's room. About 20 minutes later one of the men came into the saloon. He was a blonde of medium height, and Myler is sure that he is employed on a gasoline launch on the waterfront.

FLOOD DISASTERS.

Many Lives Have Probably Been Lost in Austria and Germany.

LONDON, March 11.—A Vienna dispatch to The Standard says that there has been a heavy snowstorm for three days in Austria, followed by a sudden thaw, which has caused disastrous results. The telephone service has been disorganized, and the Vienna streets are a network of fallen wires, hindering traffic. There have been floods in the Alpine districts of the Tyrol and in Bohemia, with avalanches and landslides on the railways. It is feared that many lives have been lost.

The Standard also has a dispatch from Berlin which reports extensive floods in the west and south of Germany. The Rhine, Moselle, Saar, Maine and Neckar are all overflowed and have submerged a wide stretch of country, causing much damage. It is reported that several lives have been lost. A bridge is also said to have fallen at Pforzheim while a train laden with pioneers was crossing and eight persons were drowned. The inhabitants of several places ask for military aid to relieve the distress.

Nephew of Peter Cooper Dead.

NORTH PLATTE, Neb., March 11.—Martin Van Brocklin, a nephew of Peter Cooper, died yesterday. He was the engineer who constructed the great Orioya railroad of Peru, the Hawkesburg bridge of Australia and was consulting engineer to Captain Eads in the Teahupoo Ship railroad and St. Louis bridge, the Louisville and Nashville, the Texas and Pacific and a number of other important works with that engineer. He was born in Lenox, N. Y., and came to Nebraska and became a rancher after retiring from his profession as a result of the infirmities of age. The remains will be sent East for interment.

Indiana Starts For the Dry Docks.

WASHINGTON, March 11.—The repairs to the battleship Indiana were completed early yesterday morning at Hampton Roads, and about noon the big ship started for Port Royal to go into the dry dock there. She is expected to arrive off the bar early Friday morning, and if

all is well she should go into the dock at the naval station about 8 o'clock that morning. The navy department has taken every precaution that prudence can suggest to make sure that no mishap is suffered by the only first class battleship so far owned by the United States.

Italians Engage in a Row.

NEW YORK, March 11.—Several Italians engaged in a row on Hester street last night, and one of them was fatally shot. Nicolo Riamori was arrested with a revolver in his hand, and Nicolo Lombard was taken to the hospital with two bullets in his head. The other members of the gang escaped, one of them leaving a trail of blood behind from a bullet wound in the side, according to the patrolman who made the arrest. The cause of the row is not known.

Cut Her Husband's Throat.

DETROIT, March 11.—A special to The Tribune from Decatur, Mich., says: Some time since the wife of John Keifer, a young man few miles south of here left home. Last night she returned and after affectionately greeting her husband the couple retired. During the night Mrs. Keifer arose and after procuring a large butcher knife drew it across her husband's throat, inflicting injuries which are expected to prove fatal.

Mrs. Maybrick Doomed.

LONDON, March 11.—Inquiries made at the United States embassy confirm the report that the secretary of state for the home department, Sir Matthew White Ridley, has refused to reopen the case of Mrs. Florence Maybrick, the American woman sentenced to imprisonment for life after having been convicted of poisoning her husband.

Struck Her Defamer.

HINDMAN, Ky., March 11.—Miss Fannie Foyable, a waitress at the Bailey House, struck John Stone, a student at the Hindman college, on the head with an ax handle yesterday, breaking his skull. His recovery is doubtful. The cause of Miss Foyable's attack was alleged stories told about her by her victim.

Tortured by Tramps.

WAUSAU, Wis., March 11.—George Blank was frightfully tortured by four tramps and died last night. He was burned with redhot irons in an effort to compel him to reveal the hiding place of his money. The tramps secured only \$4. They have been arrested.

Died of Locomotor Ataxia.

CHICAGO, March 11.—Dr. N. Rowe, the proprietor of the "American Field" and one of the best known sporting men in the country, died yesterday of locomotor ataxia. The interment will be in Greenwood cemetery, Brooklyn.

Gold Reserve Statement.

WASHINGTON, March 11.—The treasury yesterday lost \$164,600 in gold coin and \$27,400 in bars, which leaves the true amount of the reserve \$126,265,010.

ITALY NOT SATISFIED.

It Is Believed That She Will Continue the War in Abyssinia.

LONDON, March 11.—The Rome correspondent of The Times notes a change in public feeling there and a predominance in the demonstrations in favor of retrieving Italy's military dignity before concluding a peace with Abyssinia. "It is certain," this correspondent continues, "that one result of the disaster will be an immense and much needed improvement in the military organization."

The Standard's Rome correspondent says that the present cabinet will continue the war in Abyssinia.

Tax Notice.

The books for Delinquent Taxes are now in my hands, for collection of the taxes due thereon. All tax-payers are hereby notified that if their taxes are not paid on or before March 1st, 1890, the property will be advertised for sale, thus entailing extra expense upon them.

By order of Council.

D. P. Ort, Chief of Police.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

LOUISVILLE TOBACCO MARKET.

More Activity and Strength Shown Last Week, and Some Improvement in Values.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amounted to 4,116 hds., with receipts for the same period 2,200 hds. Sales on our market since January 1st amount to 40,810 hds. Sales of the crop of 1890 on our market to this date amount to 40,424 hds.

The market throughout the week has shown more activity and strength. The good to fine grades of leaf have sold from \$15 to \$20, and the medium to good grades of leaf have met an active competition at prices ranging from \$10 to \$15.

There has been some improvement in values for low grades of bright color and an additional advance in the medium grades of the full bodied red type. The very common grades which have been selling extremely low by reason of damage by frost or freeze or greenish color, have shown a slight advance during the week.

It is likely that the recent favorably weather conditions for handling tobacco will result in increased receipts during the latter part of this week.

The following quotations fairly represent our market for burley tobacco, (1890) crop:

Trash (dark or light)	\$.75 @ 1 1/2
Common color trash	2 00 @ 4 00
Medium to good color trash	4 00 @ 6 00
Common lugs, not color	2 00 @ 4 00
Common lugs, color	4 00 @ 6 00
Medium to good color lugs	4 00 @ 6 00
Common to medium leaf	5 00 @ 8 00
Medium to good leaf	8 00 @ 15 00
Good to fine leaf	15 00 @ 18 00
Select wrapper leaf	18 00 @ 22 00

The above quotations are not applicable to green and frosted crops.
